

SELAH | THE BETTER BUILDER

You Dream it, We Build it...

ENDURING BEAUTY...
STYLE, ELEGANCE AND AN OASIS
IN THE PRIVACY OF YOUR OWN
BACKYARD.

SELAH ORIGINALS

The "Better Builder"
You Dream it, We Build it...

WELCOME TO SELAH

Swimming Pools are just the start, Your Dream Build has so many possibilities.

Think of us as your design guide to help you create a vision and deliver it right to your home.

After all if you can dream it, we can build it...

Classic Southwestern Design, with pavestone decking, natural stone weeping wall

VICTORIAN GEOMETRIC DESIGN

Our clients Tudor Home deserves the Royal Treatment

MATERIALS MATTER

This elegant build in the rolling hills of Las Colinas is designed to compliment our client's home like a hand fitting into a white glove. Dry stack stone appointments surround the raised beam walls and the unique offset & raised matching spa.

Engineered for the treacherous native Texas soils and designed specifically to manage water drainage routes, this big beauty will last a lifetime. A unique triangular cedar pergola is integrated with modern entertainments systems, while the cross-cut and fit porcelain decking & coping bring out the old world style

DESIGNING A DREAM IS A TEAM SPORT

Our client, the die hard Colts fan, has a hand made mosaic of his favorite horse-shoe emblem embedded in his magnificent design. All you see is tailored to match this centerpiece, because at Selah we build custom dreams...

THE AMERICAN DREAM | SELAH STYLE

Home ownership. Two words we all know are among the keys to a well earned lifestyle. There are literally thousands of square feet available in most backyards to extend the joy of ownership on into an addition we call a “custom outdoor environment”.

Beyond the fun of entertaining privately while keeping your family safe, the benefits of a swimming pool & spa are health & vitality. Why not avoid having to travel to get away and simply walk into your own backyard? Not just for a few weeks or on a weekend, but every day simply step into your family’s oasis, by stepping out your back door.

Your Home, Your Dream. Safe & secure, well built and beautiful. Now let’s add some more joy with Selah, “The Better Builder”.

NO DREAM IS SMALL

Your Dream doesn't have to overwhelm your reality, when you work with a custom builder with imagination. At Selah, every build is engineered, constructed and contoured to fit your vision, no matter its size.

Design, engineering and all the wonderful material choices are put to work, big or small. After all, isn't your dream what matters most?

TOTAL TRANSFORMATION

From Dreamer, to Doer and then Done by Selah. Our client simply trusted us to design & build a family resort and then we delivered.

In this scene, there is something for everyone of the four generations of family to enjoy.

Mom and Dad have their luxury spay with a commanding view. Granddad has his own private "therapy" pool. The littlest have their shallow water entry to splash around on and of course there is a ton of entertainment for everyone in between.

Family is first & foremost in the minds of our clients and this dream build. With custom engineering, construction and lot of original design everyone had a hand in this amazing result.

Ultra Modern Style

UNIQUE VISION UNIQUE RESULTS

Perfect design requires total attention to detail. Beyond what we see in these gorgeous images is the attention that is paid to the home, the terrain and the soil that insures lasting beauty.

Average building techniques for cookie cutter designs is not what a discerning homeowner needs from their builder. That's why Selah is so successful. Our teams listen and guide your design into a result that fits your desires and your space.

With material choices and experience combined to create a one of a kind result, the things “under the hood” are as well built as the first hand beauty you can see.

BUILD FOR BEAUTY

A plain backyard is truly a canvas just waiting to become a new reality. Cutting the lawn on a hot summer day is how the average homeowner sees their yard. At Selah, we see all the possibilities and we're experts at sharing what's possible and then delivering your choices into the beauty you deserve.

Bring your yard to life and compliment your amazing home with an amazing lifestyle that looks as good as it feels when you dive into a Selah built dream.

DON'T STOP AT THE TOP

The swimming pool is the crown jewel of a well built custom outdoor environment, but why stop there?

At Selah we're a proven professional and complete custom builder. Not a matter of "we know a guy" when your dream goes beyond the pool. Our team of designers, engineers & managers will develop all manner of additions to your backyard oasis. Planning, permitting and construction of any imaginable idea and even a few unimaginable designs are all possible when you choose Selah for your one-stop solution.

PROFESSIONAL CHOICE

The team at Selah delivers turn-key builds for amenity centers, destination resorts, condominiums and high-rise apartments. All this experience means that when you choose Selah for your residential build, we'll employ the same talent and technology caliber as we would for any of our pro builds.

The peace of mind in knowing that your builder is documented and proven to build exotic designs on time and on budget is assured, because that's what pro's do.

In this scene alone, there is over 18 tons of stone & steel to deliver a stunning water fountain that attracts attention to a brand-new development in Rockwall TX. You may have heard the words "professional grade", now you can actually see professional grade results in your own backyard.

Pickle ball, Putting green, Pavilion.

The three P's of a pro amenity center build, all with the most important Pool build as their centerpiece.

Then the 3D's of Selah: Design, Develop & Deliver made it happen here and will make it happen for you.

Selah "The Better Builder"
You Dream it, We Build it...

YOUR COMPLETE STAYCATION DESTINATION

Beyond the Pool. As a complete builder for your outdoor environment, you can count on the team at Selah to deliver an amazing array of additions.

Our clients want and they get a total solution for their families outdoor lifestyle. Your own private getaway can include subtle appointments in lighting and fire features that bring a spark with warmth to after hours enjoyment.

Most of our clients add outdoor kitchen & dining centers and many have said that their surprised at the transformation their entire families experience with a Selah build. Weekdays & weekends blend together with outdoor meals, entertainment and exercise with no travel required. We even built a few putting greens to keep the skills sharp, for the next round on the course.

Come and join the Selah family.
Big company talent, next door neighbor service.
You Dream it, We Build it ...
